

An aerial photograph of a rural landscape at sunset. The scene is bathed in a warm, golden light from the low sun on the left. In the foreground, there are rolling green hills with patches of trees and a small cluster of houses. A winding road or path is visible. In the middle ground, there are more hills and a small town or village. The background shows a range of mountains under a hazy, orange sky. The overall mood is peaceful and scenic.

The Lilywood Landings Precincts

A truly spectacular environment with nearly 2 kilometres of absolute Caboolture river frontage; Lilywood Landings, fertile soil creates a strong foundation for the very first master planned residential community to come to life in the new City, and it will offer unparalleled opportunities for everyday families to invest in their future.

A PLACE WHERE THE PAST INSPIRES THE FUTURE

Imagine a time when steamboats moored at the farm's jetty and hand-cut timber logs were loaded onto the boats via the slipway. Blue Flax Water Lilies flourished along the waterways including the Caboolture River. 'Lilywood' is a nod to these evergreen perennials and 'Lilywood Landings' serves as a tribute to the early settlers and pioneers of our West Caboolture community. We pay homage to the past but trust that it fosters a profound sense of belonging and ownership within this future generation community.
