Final surface contours based on A.H.D. datum at an interval of 0.5m, shown as: 15.5

Where applicable, areas to be filled are shown as:

Depth of fill, in metres, shown as:- + 0.5

Retaining wall and retaining wall height, shown on the lower side of the wall, have been calculated from digital data supplied by Calibre and shown as: (1.2)

Retaining Wall Lot 45
 Min Height:- 1.5m
 Max Height:- 1.6m
 Average Height:- 1.53m

ADDITIONAL NOTES:

The LOT dimensions and area shown hereon are subject to final field survey and also to the requirements of Council and any other authority which may have requirements under any relevant legislation

Final surface contours shown hereon have been supplied by Calibre.

Compaction of any fill material placed on this site shall be completed to level one inspection and testing services in accordance with AS3798-2007.

Depth of fill values are calculated to the lower of the pre-development surface and the ground surface from Survey.

Retaining wall and retaining wall height, shown on the lower side of the wall, have been calculated from digital data supplied by Calibre and shown as: (1.2)

ADDITIONAL NOTES:

The LOT dimensions and area shown hereon are subject to final field survey and also to the requirements of Council and any other authority which may have requirements under any relevant legislation

Final surface contours shown hereon have been supplied by Calibre.

Compaction of any fill material placed on this site shall be completed to level one inspection and testing services in accordance with AS3798-2007.

Depth of fill values are calculated to the lower of the pre-development surface and the ground surface from Survey.
